► **Mark Twain:** You can't depend on your judgment when your imagination is out of focus.

► **W. C. Fields:** Start off every day with a smile and get it over with.

► **Vidal Sassoon:** The only place where success comes before work is in the dictionary.

# Quality Masters Landscaping

INSTALLING & MAINTAINING BEAUTIFUL LANDSCAPES

*"I had a vision, a quest for quality, and long hours ahead, and with my eye on customer satisfaction, my business soon grew."*

## Quality isn't just our name; it's our way of life

We are delighted to introduce to you our new website. The company has now entered the technological age, and we are so glad to share this with you! We have worked many long hours to put together an informational and fun website for you.

We wanted to create a place where our customers would be able to learn about our business, find fun facts and insight, and read testimonials from our satisfied customers.

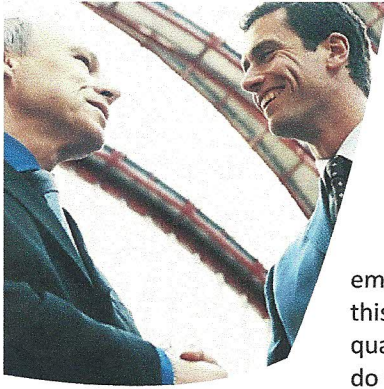

We have included articles that pertain to the current season, and these are updated monthly. Our photo gallery, which we like to refer to as our 'Inspiration Gallery', is full of ideas of many landscapes that have been completed over the years.

As you navigate through the website, be sure to note the many services we offer. We are a full service landscape company, and if you can dream it, we can do it!

## FROM THE GROUND UP

"Thirteen years ago, I started Quality Masters Landscaping, Inc. on a dream and a prayer. Much like the projects we construct every day, Quality Masters Landscaping was built from the ground up on the underlying philosophy that QUALITY is the cornerstone of success. I am proud of the level of workmanship that goes into each and every job we complete."

## “What can we do for you?”

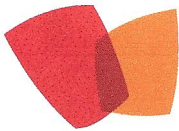

We live in a world of me, me, me; and now, now, now. How can we look beyond our frustrations toward giving and receiving ‘World Class’ customer service? This is something that troubles me on a daily basis. I want to provide my services with the best of my ability. I expect my

employees to provide this same level of quality service. What I do to combat this, is to remember that we are all expecting the very best for our money. As a business owner, I can remember that every dollar I earn has already been earned by my customers. It was originally their ‘hard earned’ money, and I have to work hard

completion of each job, is to feel a sense of satisfaction that my company provided to you the very best that we possibly could. Also, that as I leave the job, my customers will rave about how well they were treated, and are looking forward to telling their friends and family about their wonderful experience in dealing with Quality Masters Landscaping.

The most noteworthy thing about (landscapers) is that they are always optimistic, always enterprising, and never satisfied. They always look forward to doing something better than they have ever done before.

- Vita Sackville-West
